

Find Projects

Last Modified on 01/04/2021 11:29 am EST

The Blue Book Network recognizes that the General Contractor is one of the most important players in the construction industry. That's why we provide GCs with many *free* products and services.

When bidding a project, you can use ONETEAM – our *free* industry leading bid messaging and management system. In addition to messaging your private vendors, if needed, ONETEAM will help you find and communicate with prequalified Blue Book Network subcontractors, suppliers, and manufacturers more quickly and effectively to help you *win more work*.

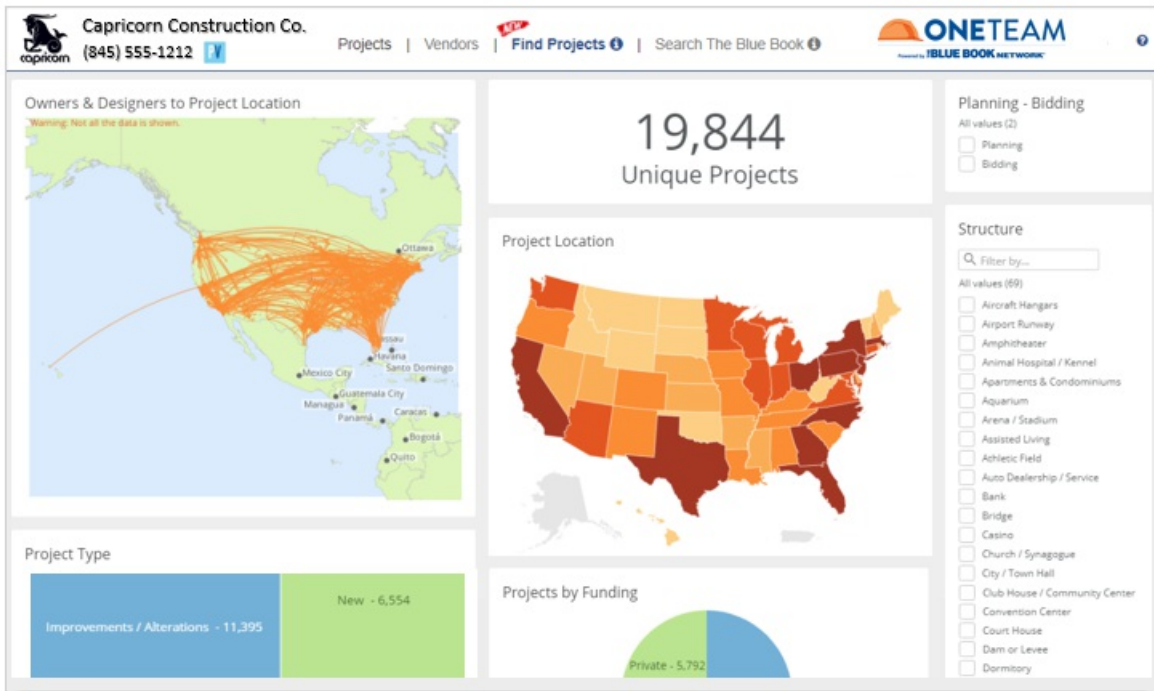

Now we want to help you *find more work*. The Blue Book Network is pleased to announce that all *active* GC ONETEAM users have *free*, seamless access to our complete list of reported planning and bidding phase projects.

The screenshot displays the ONETEAM dashboard for Capricorn Construction Co. The top navigation bar includes 'Projects', 'Vendors', 'Find Projects' (highlighted with a red circle), and 'Search The Blue Book'. The dashboard shows a search bar with '22 projects found' and buttons for 'Add a Vendor' and 'Add a Project'. Two project cards are visible:

- BOSS HUGO BOSS:** Hugo Boss Temp Store - Tanger Outlets (Atlantic City, NJ). Bids Due: 11/16/20. Vendor Responses: ITBs Opened: 316, Reviewing: 18, Bidding: 0, Not Bidding: 3.
- GUCCI:** Gucci Pop-Up (Los Angeles, CA). Bids Due: 11/03/20. Vendor Responses: ITBs Opened: 237, Reviewing: 20, Bidding: 3, Not Bidding: 7.

Each project card includes a private link, project pin, and project status (BidScoped).

From your ONETEAM "Dashboard" screen, you can easily search for projects in your company's area of interest and expertise – locally, regionally, and nationally.

After reviewing a planning phase project, you can move it to your Blue Book “Bid Board” to follow-up with the owner and/or architect to develop a new client relationship and qualify your company to bid the project.

With a single click, you can copy a bidding phase project to your ONETEAM account. ONETEAM’s required fields will be automatically populated with the project’s key information to expedite your “Invitation to Bid” messaging.

Capricorn Construction Co. (845) 555-1212 | Projects | Vendors | Find Projects | Search The Blue Book | ONETEAM BLUE BOOK NETWORK

NOTE: Access to The Blue Book Network’s FREE Planning and Bidding Phase Projects are only available for active GC ONETEAM users. This means your company must message “Invitations to Bid” on at least one new project every 60-days or your access will be blocked.
